## ROCK 'N' RIDE TOUR 2011

FOR THE FIRST TIME IN HISTORY the Extreme Freestylers Tour sees the biggest brands in FMX, CRUSTY DEMONS and METAL MULISHA, in a collaboration that is guaranteed to set the pulse racing of even the most hardened of adrenalin junkies.

Australia's "modern day Evel Knievel", World Distance Record Holder and Red Bull X-Fighters round winner Robbie Maddison will be leading his pioneering team of Crusty Demons on a rampage across Europe to throw down the most jaw dropping and death defying tricks, including his X Games Silver medal winning trick...The Vault!

As if that wasn't enough, the Legend and General of the Metal Mulisha, Brian Deegan, will also be tearing through Europe for the first time with his troop of Hard Men.

And yet there's more, as World number 1 **Nate Adams** heads the all-star cast, which includes current IFMXF World Champion Libor Podmol, multiple X-Games medallist Mike Mason, US Rising Star Brody Wilson and Aussie young gun Robbie Adelberg.

This truly is a mouth watering prospect as the heavy weights of FMX join forces to treat spectators to some of the most astounding moves and the biggest back flip combinations ever witnessed.

Every performance is an action packed roller coaster ride and will be the only chance for fans to see all the world's top riders in one place going for broke.

With highlights including Aussie mad man Jackson 'Jacko' Strong attempting for the first time in Europe the insane 85ft front flip, double back flipping mini bike rider Ben Fiez, X Games Gold Medallist Heath Frisby on his snow mobile, tough guy Kain Saul back flipping the 380kg Harley Davidson XR1200 into the record books, distance jump legend Seth Enslow attempting to send a Harley Davidson over 150ft ramp to ramp and much, much more...
